Ref:- Development Department Memorandum No. 48585. D. II/47.4, dated 9.9.47.

. . .

It is seen from the letter from the Director of Industries and Commerce Dis. No. 1365.D.2/47, dated 7.7.47 addressed to Government that there are no trading schemes in respect of hand made paper and Coir goods also and that the demonstration units now working under the Industries Department are essentially training and demonstration units. The question of their transfer to Co-operative Department does not therefore arise.

FIRKA DEVELOPMENT DEPARTMENT.

To K.S.O.

In moving a cut motion to reduce the allotment under Demand "XX - Co-operation" presented to the Legislature in 1947, certain Madras Legislative Assembly's suggested that State Trading Schemes should be entrusted to the Co-operative Department. This suggestion has been examined in consultation with the Registrar of Co-operative Societies and the Director of Industries and Commerce. This Department is concerned with the following three State Trading Schemes.

1. Small scale and Cottage Industries.

2. Handmade paper.

3. Supply of Coir Stores.

The Director of Industries and Commerce has reported that no State Trading scheme is being conducted in regard to any of the small scale and cottage industries. He has expressed himself against the transfer of ~~handmade~~ handmade paper and coir making units to the control of the Registrar of Co-operative Societies has now to be considered, is that relating to the Coir Industry.

For developmenting Coir Industry there is a small scale Coir factory at Beypore in Malabar District, which is engaged in the production of coir goods such as brush mats, Chair mats, etc. There are also three village units at Ponnani, Naduvattam and Villikumar serving as feeders supplying coir yarn manufactured on charkas. For the reasons stated in paras 3-5 on pp. 25-26 c.f. the Registrar of Co-operative Societies is not in favour of the transfer of the School and the units to his control. For orders whether the views of the Registrar of Co-operative Societies may be concurred in Development may see for remarks before circulation.
